

Seminar

Ultrafast Optics of Graphene and Graphene Multilayers

Prof. Ted Norris

*Gérard A. Mourou Professor of Electrical Engineering and Computer Science
Department of Electrical Engineering and Computer Science, Department of
Physics, University of Michigan*

Time: 10:00am, July 20, 2018 (Friday)

2018 07 20

10:00

**Venue: Room W563, Physics building, Peking University
563**

Graphene is being widely investigated for both its remarkable electronic and optical properties. Graphene is of course famous for the unique properties arising partly from being atomically thin, but there
